Coach Ryan O'Harris

FREE TRAINING ONLINE

The "Coach to Camera" program offered by ActingFree.com allows actors to train online with a coach. Participants can also practice lines with a partner without the coach present by simply scheduling a time any day between 10 AM and 8 PM in our online scheduling center, then just log in on their phone or computer with a camera and microphone. The actors can request and receive monologues, scenes (for two actors), or short films from the coach. All scripts are written for the actors but remain the author's property. This is available for free for any actor who is at least 18 years old.

CASTING FOR OUR FILMS

MEMBERS

Actors residing in Las Vegas, NV, or who can be there for two consecutive days will be considered for casting in short films that require two days of shooting. This opportunity will arise when Coach Ryan believes the actor is ready, and no audition will be necessary. Actors are selected from those training online with Coach Ryan. All cast and crew members on any film will split 94% of any profits generated based on their time on set. All films are submitted to the festival and IMDB listing. Meals are not provided, as actors keep 94% of all profits. Everything else is paid for by ActingFree.

PROFESSIONAL MEMBER STATUS

REHEARSALS AND TRAINING IN PERSON

The coach will meet with professional member actors to rehearse or train, provided they have demonstrated commitment and punctuality. These sessions will be based on the coach's availability and will be limited to a select few actors designated as part of the professional class program. Professional members possess the skills to be frequently cast, consistently demonstrate punctuality, and honor their commitments. Additionally, they train with the coach every week.

CASTING FOR OUR FILMS

FREELANCE

If an actor is not training with Coach Ryan, they are classified as freelance actors. In this case, they must submit a self-tape that we will provide and attend a one-hour online orientation. This orientation is designed to help the director determine whether they are right for the role being cast, and to help the screenplay author understand what to write for them. They may also choose to schedule an audition online instead of a self-tape.

Freelance actors may have a script written specifically for them, but they are often cast to replace an actor who is no longer available or who could not be selected from the membership. Freelance actors are included, for profit purposes, with the membership actors and share 94% of the profits generated by any movie they participate in, based on the time they spend on set. All films are submitted to the festival and IMDB listing. Meals are not provided, as actors keep 94% of all profits. Everything else is paid for by ActingFree.

SHOOTING YOUR FILM

228 PROGRAM

When the coach believes you are ready, he will provide you with the password to access the scheduling system for the 228 program. The 228 program is a three-week process that culminates in the shooting of your film.

REQUIREMENTS TO JOIN THE 228 PROGRAM

- You and/or your partner can schedule an online meeting with the director at any available time to discuss your character, the story, or any other aspects of your scene that you feel need attention. You may do this as often as necessary. If the coach/director believes you require additional character work, he will encourage you to arrange a meeting for that purpose. Please note, this is not an opportunity to rehearse your lines; that should be done privately with your partner.
- You may schedule a one-hour online Zoom video meeting to rehearse your lines with your partner. You can do this as often as you wish, based on your schedules. The host is not required for this meeting. Of course, you may also meet your partner to do this at any location you have available.
- Make sure to learn your lines. Once you are confident in your lines, you and your scene partners should schedule an online meeting to demonstrate to the coach that you know them.
- Discuss wardrobe, props, set dressing, location, etc.
- The specific dates for your meetings will be decided in your first session with the director in the 228 program. These dates will include two 2-hour rehearsals and one 8-hour shoot day. This is a 3-week process.
- A contract is written and electronically sent to all actors to read and sign.
